JOHN CORBUS Family Groceries,

HOSTETTER'S CELEBRATED STOMACH

Stomach, Liver and Bowels.

Oures Dyspepsis, Liver Comptaint, Headache, General Debility, Nervousness, Depression of Spirits, Con-stipation, Colic, Intermittent Pavers, Cramps and Spasms, and all Complaints of either Sex, arising f om Bodity Weskness whether inkerent in the system or produced by special causes.

NOTHING that is not wholesome, genial and restorative in its nature enters into the composition of Hostetter's Stomach Bitters. This popular preparation contains no ineral of any kind, no deally butsairead element; no flery excitant; but it is a combination of the extracts of rare bulsante her bs and plants with the pureat and mildest of all diffusive stimulants.

It is well to be forearmed against disease, and so far as the human system can be protected by human means against maladies engendered by an unwholesome atmosphere, impure water and other external cauces, Hostetter's Bitters may be relled on as assfectuard.

In distincts infested with Faver and Ague, it has been found infallible as a preventive and irresistible as a remedy and thousands who resort to it under apprehension of as attack, escape the scourge; and thousands who neglect to avail themselves of its protective qualities in advance, are corred by a viery b lefcourse of this marvalcus medicine. Fever and Ague patients, after being piled with qualities for months in vain, until fairly saturated with that dangerous alkaloid, are not unifrequently restored to health within a few days by the use of Hostetter's Bitters.

The weak stomach is rapidly invigorated and the appetite restored by this agreeable Tonle, and hence it works wonders in cases of Dispepsia and in less confirmed forms of Indigestion. Acting as a gentle and painless appetiont, as well as upon the liver, it also invariably relieves the Constitution superinduced by irregular action of the digestive and secretive organs.

Persons of feeble habit, liable to Nervous Attacks, Lowness of Spirits and Fits of Languer, find prompt and permanent relief from the Ritters. The testimony on this point is most conclusive, and from both sexes, The agenty of Billious Colic is Immediately assuaged by a single dore of the stimulant, and by occasionally resorting to it, the return of the complaint may be prevented.

provening to the results of the compount may be ordered.

As General Tool , Hostetter's Bitters produce of feets which must be experienced or witnessed before they can be fully appreciated. In cases of Constitutional weakness, Premature Decay and Debility and Decrepitude arising from Old Age, it exercises the electric is dience. If the convolutions is singles of all liseases it operates as a delightful invigorant. When the powers of native are relaxed, it operates to re-castore and re-establish them.

Last, but not least, it is the only Safe Stimulant, he and manufactured from sound and innocuous materials ing manufactured from sound and innounces materials and entirely free from the acid elements present more or less in all ordinary tonics and stomachies of the day. No family medicine has been so universally, and, it may be truly added, deservedly popular with the intelligent portion of the community, as HOSTETTER'S BITTER'S
